## MUL-16 SEALESS COMBINATION TOOL FOR STEEL STRAPPING MODEL - MUL-16

### FEATURES:

- 1) Extremely cost efficient steel banding tools for strapping application.
- 2) Eliminates the need for a separate high tensile sealer tensioner and cutter.
- 3) Reversible dies for double life and 1/3 of the replacement cost.
- 4) Seal less strapping tool provide highly efficient, triple notch sealing joint.
- 5) Small footprint for universal operation.
- 6) High quality steel frame to minimize damage due to accidental drops.

### SPECIFICATION:

|                 |   |
|-----------------|---|
| Strap Type      | Regular Duty Seal                           |
| Strap Width     | Adjustable 1/2", 5/8", 3/4" (13, 16, 19 mm) |
| Strap Thickness | Up to 0.025" (0.64 mm)                      |
| Joint Type      | Sealless                                    |
| Weight          | 8.5 lbs (3.8 kg)                            |
| Footprint       | L: 4.5"; W: 2.2"                            |
